Park Operational Base Summary: The table below shows the annual park operating base for all park units within this state. Park operational base funds are supplemented by as yet undetermined amounts of project funding from regional or servicewide-managed programs, such as cyclic maintenance, the Natural Resources Preservation Program, and the Drug Enforcement Program.

If a park unit is in more than one state, then the park unit is included in each of the appropriate state tables. The full operating base is shown; no attempt has been made to split the park operating base amount between two or more states.

FY 2006 fleet and management efficiency savings have yet to be distributed at the entity level.

This table does not include funding for programs from other appropriations such as General Management Plans, Land Acquisition, Line Item Construction, Federal Lands Highway Program, and Historic Preservation Fund State Grants. Information on the distribution of funds in these programs is outlined on the following pages. There are separate sections on General Management Plans and the Trails Management Program.

¹These funds are part of a total \$12.478 million distributed to 67 parks, 10 trails, 3 affiliated areas, and servicewide trail GIS support that was provided in FY 2005 to bolster visitor services. These funds are not considered a permanent addition to any of the parks' operational base funding. The continuation of these funds beyond FY 2005 is contingent upon a review of park base operations at all parks prior to distribution of the enacted FY 2006 appropriation. Should this examination determine that the funds could be more efficiently utilized to provide services at other parks, the funds will be moved (subject to reprogramming guidelines).
